Physical Therapy Coverage Cap

As a participating provider with the Medicare plan, we are required by law to inform you that as of **January 1, 2010** Medicare has implemented a payment cap on physical therapy services.

You, as the patient, are allowed **\$1,860.00 per calendar** year for these services. Once this amount has been used, you will be responsible for any service fees above this amount.

Because Medicare will not cover physical therapy after your cap has been met, it is highly unlikely that secondary insurances can be utilized to pay any balances.

Thank you for your understanding and please feel free to discuss any concerns with our staff.

I have read and understand the above stated information.
